

Parent Payment Arrangements 2025

Dear Parents and Caregivers,

Rosewood Downs Primary School is looking forward to another great year of teaching and learning and would like to advise you of our voluntary financial contributions for 2025. Please find the voluntary contribution schedule for [Grade 3 and 4 2025](#) attached.

Schools provide students with free instruction to fulfil the standard curriculum requirements, and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support. This has made a huge difference to our school and the programs we can offer. This year we received an excellent rate of contributions from parents which enriched the learning experience of our students and this money was integral to allowing our students to receive equitable learning opportunities.

This money also goes towards expanding opportunities for our students to ensure they are receiving a well-rounded education. We will be expanding our science program next year, science is an extremely important subject and one that builds knowledge integral to high school success. With a strong science program comes experiments that once again require significant resourcing.

Within our school this support has allowed us to begin to build our reputation as a school that is on the forefront of best practice. In line with the recent initiatives from the deputy premier Ben Carroll we are a school that puts a heavy emphasis on research and the science of learning.

We use an explicit instruction pedagogy that requires significant financial resources to ensure students have whiteboards and whiteboard markers that are used in every single lesson so that our teachers can ensure that every single student is demonstrating their understanding. Our literature rich curriculum also requires students to have individual booklets for all of their novel study work. These booklets require a huge amount of printing at the cost of the school.

This money also goes towards expanding opportunities for our students to ensure they are receiving a well-rounded education. We will be expanding our science program next year, science is an extremely important subject and one that builds knowledge integral to high school success. With a strong science program comes experiments that once again require significant resourcing.

As in previous years, we have arranged the day prior to the start of school for parents to make their voluntary financial contribution and student book pack payments. This will take place on **Tuesday 28th January** between **8:45am – 4:00pm**.

FREE INSTRUCTION

- Schools provide students with free instruction and ensure students have free access to all items, activities and services that are used by the school to fulfil the requirements of the Curriculum. This includes the Victorian Curriculum F-10, the Victorian Certificate of Education (VCE) including the VCE Vocational Major and the Victorian Pathways Certificate.
- Schools may invite parents to make a financial contribution to support the school.

PARENT PAYMENT REQUESTS

Schools can request contributions from parents under three categories:

Curriculum Contributions

Voluntary financial contributions for curriculum items and activities which the school deems necessary for students to learn the Curriculum.

Other Contributions

Voluntary financial contributions for non-curriculum items and activities that relate to the school's functions and objectives.

Extra-Curricular Items and Activities

Items and activities that enhance or broaden the schooling experience of students and are above and beyond what the school provides for free to deliver the Curriculum. These are provided on a user-pays basis.

- Schools may also invite parents to supply or purchase educational items to use and own (e.g. textbooks, stationery, digital devices).

FINANCIAL HELP FOR FAMILIES

- Schools put in place financial hardship arrangements to support families who cannot pay for items or activities so that their child doesn't miss out.
- Schools have a nominated parent payment contact person(s) that parents can have a confidential discussion with regarding financial hardship arrangements.

SCHOOL PROCESSES

- Schools must obtain school council approval for their parent payment arrangements and publish all requests and communications for each year level on their school website for transparency.
